

Mosaic Variation

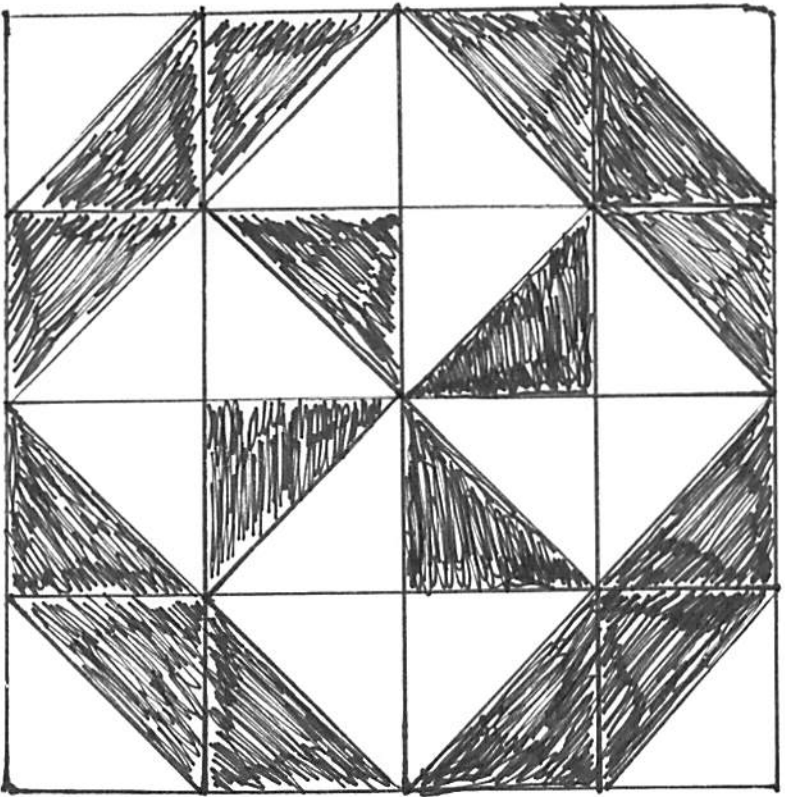

12" finished square (12½" unfinished)

8 - 3⁷/₈" 3D's reproduction fabric square

8 3¹/₈" white muslin square

Draw a diagonal line on the back of each white muslin square.

Put right sides together of 1-3D's square and 1-white square. Sew ¼" away from diagonal line on each side of line. Cut on line to make 2-½ square triangle squares.
Lay out according to diagram.

Pattern from Quilters Block-A-Day
Calendar, Debby Kratovil

Mathematics

Mathematics is the study of numbers, shapes, and patterns.

It is a branch of science that deals with the properties and relationships of numbers and shapes.

Mathematics is used in many fields, including physics, engineering, and economics.

It is a subject that is both challenging and rewarding, and it is a skill that is essential for many careers.

Mathematics is a subject that is both challenging and rewarding, and it is a skill that is essential for many careers. It is a subject that is both challenging and rewarding, and it is a skill that is essential for many careers.
